

## OR1E1 Rabbit pAb

CatalogNo: YN2592

### Key Features

#### Host Species

- Rabbit

#### Reactivity

- Human

#### Applications

- WB, ELISA

#### MW

- 34kD (Observed)

#### Isotype

- IgG

### Recommended Dilution Ratios

**WB 1:500-2000**

**ELISA 1:5000-20000**

### Storage

**Storage\*** -15°C to -25°C/1 year(Do not lower than -25°C)

**Formulation** Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.

### Basic Information

**Clonality** Polyclonal

### Immunogen Information

**Immunogen** Synthesized peptide derived from part region of human protein

**Specificity** OR1E1 Polyclonal Antibody detects endogenous levels of protein.

### Target Information

**Gene name** OR1E1 OR1E5 OR1E6 OR1E9P

|                              |                                                                                                                                                                                                                                                                            |                        |                          |
|------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|--------------------------|
| <b>Protein Name</b>          | Olfactory receptor 1E1 (Olfactory receptor 13-66) (OR13-66) (Olfactory receptor 17-2/17-32) (OR17-2) (OR17-32) (Olfactory receptor 1E5) (Olfactory receptor 1E6) (Olfactory receptor 5-85) (OR5-85) (Olfactory receptor OR17-18) (Olfactory receptor-like protein HGMP07I) |                        |                          |
|                              | <b>Organism</b>                                                                                                                                                                                                                                                            | <b>Gene ID</b>         | <b>UniProt ID</b>        |
|                              | Human                                                                                                                                                                                                                                                                      | <a href="#">8387</a> ; | <a href="#">P30953</a> ; |
| <b>Cellular Localization</b> | Cell membrane; Multi-pass membrane protein.                                                                                                                                                                                                                                |                        |                          |
| <b>Tissue specificity</b>    | Testis,                                                                                                                                                                                                                                                                    |                        |                          |
| <b>Function</b>              | Function:Odorant receptor .,similarity:Belongs to the G-protein coupled receptor 1 family.,                                                                                                                                                                                |                        |                          |

| Validation Data

Western blot analysis of lysates from K562 cells, primary antibody was diluted at 1:1000, 4°over night
